

SDG 4 - QUALITY EDUCATION

The international ranking organization Times Higher Education (THE) has recognized Üsküdar University in the area of SDG 4 - Quality Education for its contributions and achievements in this field. Under SDG 4 - Quality Education, the university's efforts include improving accessibility to education, enhancing the quality of learning, innovative practices supporting student learning, policies for students receiving learning support, inclusive education strategies, scholarships and other opportunities, elevating teaching quality, access to educational materials, and the systematic measurement and tracking of student success. The university is committed to providing an ever-evolving and improving education system aimed at offering quality education and equality of opportunity for all students.

- Does your university as a body provide free access to educational resources for those not studying at the university, e.g. computers, library, online courses, access to lectures, etc?

Üsküdar University considers archiving very important since it provides the general public, those not studying at the University, educational material. Firstly, all the events, i.e. conferences and seminars, taking place at the university are broadcast live on Youtube channel and saved for later views. Please see <https://www.youtube.com/@UskudarUniversitesi>

Furthermore, Üsküdar University also stores all the media appearances of its academic staff and this archive should be seen as an important source of educational materials that are free access. It is also categorized according to topics: <https://psikoyorum.tv/> includes all the media appearances either online, television, or newspaper by all the scholars affiliated with Üsküdar University. This archive is up-to-date and categorized and it includes the appearances in 2023 as well. For instance, it is possible to find educational content on Alzheimer or Parkinson since the archive is well categorized. This website also includes ÜÜTV (Üsküdar University Television) and Youtube channel of NP Beyin Hastanesi (Üsküdar University's Hospital) and acts as a complete guide to educational materials.

Another prominent source of free educational material that is easy-access for those not studying at the University is ÜÜTV (Üsküdar University Television). This channel is an important part of Üsküdar University Youtube Channel and it is also accessible via psikoyorum.tv. The channel provides educational material on various topics. For instance, some of the programmes recorded and uploaded in 2023 were

- *Şehir ve Kültür Sohbetleri- Talks on City and Culture*
(<https://www.youtube.com/watch?v=HgxpN3FI04s>)
- *Sedef Kakma Sanatı-The Craftsmanship of Mother of Pearl Inlay*
(<https://www.youtube.com/watch?v=p8N8db9rsE8>)
- *Hayat Boyu Öğrenmek - Mitoloji ve Sanat-Mythology and Art*
(<https://www.youtube.com/watch?v=0gFqaGF17Ds>)

- **Eğitimdeki Sen - Psikolojik İlk Yardım-Psychological First Aid**
(<https://www.youtube.com/watch?v=amEV1Y1VmH0>)
- **Satırların Ötesinde | Toronto ve İstanbul Okumaları-Readings on Toronto and Istanbul**
(<https://www.youtube.com/watch?v=fjF7noTrndk>)

Another important source of free-access educational materials is Üsküdar University's Publishing House. There are many free-access books on the website of the publishing house. For instance, in 2023, one of the academics of the University, Rüştü Uçan, published an extensive manual on occupational health and safety. The book has 629 pages and can be accessed via <https://uuyayinlari.com/is-sagligi-ve-guvenligi-kaynak-kitabi>

Üsküdar University Continuing Education Application and Research Centre Education (ÜSEM) provides courses that are both free access and paid. One of the free access courses in 2023 was Kahramanın Yolculuğu Senaryo Atölyesi (Scenario Workshop on Hero's Journey). As seen on <https://usem.uskudar.edu.tr/egitim/kahramanin-yolculugu-senaryo-atolyesi> , the participants attended a 3-day course that is free-of-charge and earned a certificate.

In 2023, Üsküdar University provided its halls and physical spaces as event halls for different organizations. For instance, Feminenart Fest, TedX2023 Üsküdar University (see 4.3.3 for more details on the organizations). Another organization realized in 2023 was RASTAGE 23' summit hosted by Üsküdar University. As seen on <https://uskudar.edu.tr/en/icerik/8861/turkiyes-important-brand-managers-talked-about-digitalization-in-uskudar> RASTAGE was a summit on digital transformation, digitalization, artificial intelligence Technologies and it was co-organized by different universities and students from many different universities attended the event.

Academic staff of Üsküdar University includes many professors who are academically acclaimed in their fields of expertise and they attend many events such as seminars, lectures, or courses that can be accessed by those who are not studying at the University. For instance, Nevzat Tarhan, the founding rector of Uskudar University attended 52 events of this type among which there are invited keynote speeches, presentatios and talks. For a list of these events, please see the Appendix.

Last but not the least, among many educationan sources for those not studying at the University, Üsküdar University's affiliate hospital provides psychological tests. Please see the link to the tests <https://npistanbul.com/psikolojik-testler> Here on the website there are over 30 tests (academically and scientifically proven scales) and the results are e-mailed to the participant to be able to help people for self-development through free-of-charge facilities.

- Does your university as a body host events at university that are open to the general public: public lectures, community educational events?

Üsküdar University Continuing Education Application and Research Center Education Directorate has taken important steps towards achieving its goals with the activities and projects it carried out in 2023. The Education Directorate, whose main goal is to present accurate information in an understandable and applicable way, to make existing information more usable and to create new opportunities in people's lives, has enabled individuals to use their talents and skills more actively and has developed projects that increase the chance of acquiring new knowledge and experiences.

Throughout 2023, the Education Directorate has organized various training programs, especially on digital transformation in education, skill development, personal development and professional qualifications, and has provided participants with up-to-date knowledge and skills. In this context, programs are offered for both individual development and increasing usable competencies in the professional field. The training programs were designed to be online and face-to-face through digital platforms and appealed to a wide range of participants. Thus, it has facilitated access to information by eliminating time and space limitations.

One of the most striking aspects of the 2023 activities is the collaborations with the private sector, industry and public institutions. Üsküdar University Continuing Education Application and Research Center has carried out joint projects with many private and public institutions in 2023. These projects included seminars to increase digital skills, executive development programs and sector-specific vocational qualification training. At the same time, professional development and continuing education programs were organized in parallel with current developments in the sector in order to strengthen university-industry cooperation. (Evidence 1. <https://usem.uskudar.edu.tr/egitim/saglik-bakanligi-onayli-ilk-yardim-egitici-egitimiilk-yardim-egitmenligi>, Evidence 2. <https://usem.uskudar.edu.tr/egitim/1-seviye-yangin-egitici-egitimi-11grup>, Evidence 3. <https://usem.uskudar.edu.tr/egitim/26-grup-aile-danismanligi-sertifika-programi>)

The Center has expanded its training activities not only at the institutional level but also at the individual level. In this context, emphasis has been placed on personal development-oriented trainings and seminars and workshops have been organized in areas such as stress management, leadership, effective communication, and problem-solving skills. These programs, in which Üsküdar University academics, industry professionals, and expert trainers also participated, offered participants the opportunity to combine theory with practice. In the trainings, in addition to theoretical knowledge, learning processes were supported with case studies, simulations and practical studies. (Evidence 4. <https://usem.uskudar.edu.tr/egitim/nezaket-ve-etkili-iletisim-egitimi>)

2023 was also an important period for increasing the applications of digital transformation and technological innovations in the field of education. The Education Directorate has effectively used online education platforms to deliver educational content to a wide audience. In this context, innovative applications such as e-learning modules, virtual classroom applications and digital certification programs have been implemented. Thus, participants were able to participate in educational programs from anywhere and at any time and had the opportunity to receive certificates. (Evidence 5. <https://usem.uskudar.edu.tr/egitim/internet-ve-oyun-bagimlilik-semineri>) In addition, it is possible to reach a wide audience with free educational events organized by the Education Directorate.

(Evidence 6. <https://usem.uskudar.edu.tr/egitim/bagimlilik-terapi-egitimi>)

Evidence 7. <https://usem.uskudar.edu.tr/egitim/kahramanin-yolculugu-senaryo-atolyesi>)

- Does your university as a body educational host events at university that are open to the general public: executive education programmes (this refers to short courses for people who are not attending the university; this specifically excludes courses like MBA) and/or vocational training?

In 2023, Üsküdar University made significant contributions to society in both scientific and cultural fields through various events. These activities, which aimed to inform and raise awareness, were designed to appeal to a wide audience, including both university members and external participants. All events were open to the public.

One of the most notable events was the Feminenart Fest, which aimed to strengthen women's position in the art world and raise awareness about gender equality through art. This event, which included exhibitions, panels, and workshops with the participation of local and international artists, garnered significant attention from art enthusiasts.

Evidence 1: <https://uskudar.edu.tr/en/icerik/42741/the-3rd-international-feminenartfest-was-hosted-by-uskudar>

Evidence 2: <https://uskudar.edu.tr/en/icerik/43130/changing-people-changing-science-was-discussed-at-tedx-uskudar-university-2023>

Evidence 3: <https://uskudar.edu.tr/en/icerik/43140/loneliness-in-business-life>

Evidence 4: <https://uskudar.edu.tr/en/icerik/43208/animal-rights-and-veganism-philosophy-were-discussed>

Evidence 5: <https://uskudar.edu.tr/en/icerik/41070/uskudar-university-hosted-science-olympics-summer-camp>

Throughout 2023, Üsküdar University took important steps toward sharing scientific knowledge and increasing cultural awareness by organizing public events that reached a wide range of participants.

- Does your university as a body undertake educational outreach activities (e.g. tailored lectures or demonstrations) beyond campus, e.g. in local schools, in the community, including voluntary student-run schemes?

In 2023, Üsküdar University extended its educational outreach through tailored lectures, community programs, and student-led volunteer efforts, including projects addressing the 2023 earthquake, civil society engagement, and collaborative work with NGOs, which are listed below:

- 1) The NGOs at the University Project
- 2) Actions Taken Regarding the Earthquake in Turkey in 2023
- 3) The "Remember Me" project
- 4) Being a Model Human in Four Seasons
- 5) Üsküdar University's Relations with Civil Society
- 6) Computer Engineering Students Congress
- 7) Seminars by Üsküdar University Faculty Members
- 8) Miscellaneous Activities

- Does your university as a body have a policy that ensures that access to these activities is accessible to all, regardless of ethnicity, religion, disability, immigration status or gender?

In accordance with the regulatory framework and directives of Üsküdar University, our institution is committed to ensuring equitable access to lifelong learning opportunities for all individuals, irrespective of their ethnicity, religion, disability, immigration status, or gender. This commitment is supported by:

- 1) The university's policies and directives that promote inclusivity and diversity in educational access and opportunities.
- 2) The guidelines and regulations of active research centers within the university.
- 3) Gender Equality Action Plan 2022-2026

EVIDENCE-1 USKUDAR UNIVERSITY'S POLICIES AND DIRECTIVES

In alignment with its commitment to fostering an inclusive and equitable educational environment, Üsküdar University has implemented several key directives aimed at supporting students with disabilities and preventing harassment and discrimination.

[Organization of the Disabled Students Unit and Working Principles Directive](#)

[Harassment and Discrimination Prevention Directive](#)

[Directive on Education-Teaching and Examination Practices for Students with Special Needs](#)

EVIDENCE-2 THE GUIDELINES AND REGULATIONS OF ACTIVE RESEARCH AT ÜSKÜDAR UNIVERSITY

In keeping with its dedication to promoting an inclusive and fair educational atmosphere, Üsküdar University has instituted guidelines for its research centers that focus on assisting students with disabilities and addressing issues of harassment and discrimination.

[Üsküdar University Solution-Oriented Women's Issues Application and Research Center \(ÜSÇÖZÜM\)](#)

[Üsküdar University Addiction Application and Research Center \(ÜSBAUMER\)](#)

[Üsküdar University Application and Research Center for Gifted Children \(ÖYEMER\)](#)

[Üsküdar University Globalization and Youth Issues Application and Research Center \(KÜGEMER\)](#)

[Üsküdar University's Mother and Baby Mental Health Application and Research Center \(ABRSM\)](#)

[The Principle of Equality on the Basis of Human Rights and the Prohibition of Discrimination](#)

EVIDENCE-3 GENDER EQUALITY PLAN 2022–2026

[The Üsküdar University Gender Equality Action Plan \(2022-2026\)](#) aims to ensure equal rights and opportunities for men and women while combating discrimination. It includes raising awareness through conferences and seminars, expanding the availability of courses on gender equality, ensuring campus safety by addressing sexual harassment and assault, and encouraging participation in gender equality training for staff and students. Additionally, the plan focuses on monitoring gender equality efforts and strengthening the collaboration and functionality of relevant university centers, such as the Solution-Focused Women's Issues Research and Application Center, the Violence and Crime Prevention Research Center, and other key units.

Last but not least, Üsküdar University has also embraced the 7 principles outlined by the United Nations (UN) Global Compact and the “Women’s Empowerment Principles” (WEPs), which were established under the purview of [“UN Women](#).
